## PROFESSIONAL SUMMARY

Detail-oriented Software Development and UI/UX student with hands-on experience in IT infrastructure and full-stack web development. Proven track record of delivering technical solutions, from configuring Linux servers during an internship at Sterling Global to developing a pet management system for the Municipal Veterinary Office of Meycauayan. Passionate about building robust, user-centric applications.

## TECHNICAL SKILLS

Programming & Frameworks: Laravel, JavaScript, PHP, HTML5, CSS3

UI/UX Design: User Interface Design, Wireframing, User Experience Research

IT Infrastructure: Linux Server Installation, Windows OS Deployment, Hardware Troubleshooting, System Maintenance

Tools: Git, MySQL, Command Line Interface (CLI)

## EDUCATION

Bachelor of Science in Information Technology

Expected Graduation: 2026

## PROJECTS

PawCare | Lead Developer (Capstone Project)

Municipal Veterinary Office of Meycauayan, Bulacan

- Architected and developed a comprehensive pet management system using Laravel and JavaScript.
- Designed the UI/UX to ensure ease of use for government staff and local citizens.
- Managed database schemas for pet registration, vaccination tracking, and appointment scheduling.

Maykawayan | Game Developer

- Developed an immersive game inspired by Filipino folklore and mythology.
- Designed a quest-driven narrative where players must defeat mythical monsters and a final boss to protect the town of Maykawayan.

## WORK EXPERIENCE

IT Support Intern

Sterling Global

- Performed end-to-end Linux server installations and configurations.
- Executed system-wide Windows deployments and updates across corporate workstations.
- Diagnosed and resolved hardware and software issues, improving office uptime and efficiency.
- Maintained technical documentation for server setups and troubleshooting procedures.

## KEY ACHIEVEMENTS

- Completed a rigorous 486-hour internship program with high performance in technical tasks.
- Selected to develop the official management software for the Meycauayan Municipal Veterinary Office.
